

Workflow WEDNESDAYS

Open to ALL Pharmacy Staff

Pharmacy Services Support Staff (PS3)

Every Wednesday, 2:00 - 2:30pm EST

If a pharmacy is to transform to a service-based practice, they will need every member of their staff to have the skill set to implement that Practice Transformation. PS3 utilizes 4 of the Flip the Pharmacy domains to prepare the pharmacy's Support Staff to engage in the workflow of all aspects for patient centered care.

Target Roles - All NON-pharmacist Support Staff are encouraged to listen and learn to better understand their role within practice transformation.

Max My Sync

Every Wednesday, 3:00 - 3:30pm EST

Med-Sync is the foundation for the Appointment Based Model, then the Appointment Based Model is the foundation for Practice Transformation. The information that is presented in each session is aligned with the topic for PS3 so that the Sync of meds that are related to a disease state or a clinical service can be featured within the Med-Sync workflow.

Target Roles - Focus is for pharmacy support staff but ALL pharmacy team members are welcome to join and participate.

Best Practice Trends

Second Wednesday of Month, 1:00 - 1:30pm EST

This monthly webinar focuses on current practice trends within community pharmacy practice. They can include direct patient care, workflow, staff development, reimbursement options, payer opportunities.
